HOW TO UNINSTALL TECH TOOL

Windows 10 Instructions

1. Select Start, then select Settings > Apps > Apps & features.

2. Select Tech Tool Installer to remove, and then select Uninstall.

Note: If more than one Tech Tool Installer is listed uninstall all instances.

REBOOT the computer when the Uninstall is completed.

Windows 8 & 8.1 Instructions

1. To begin, access the Start Context Menu:
   o Windows 8: Hover the cursor in the bottom-left corner of the screen until a small image of the Start Screen appears, then right-click on the icon to open the Start Context Menu. Select Programs and Features.
   o Windows 8.1: Right-click on the Start icon in the lower left-hand corner to open the Start Context Menu. Select Programs and Features.
